EXPERIENCE

I have specialized in handling Worker's Compensation cases for over 40 years. I only represent injured workers because I am concerned for their well-being. I am well known throughout the Worker's Compensation community. I have extensive trial experience and have won numerous cases for my clients. I have successfully settled well over 1,000 cases. Previously a member of Berger, Miller & Strager, PC, I continue to practice as Robert S. Strager & Associates, PC.
